BOARD OF EXAMINERS FOR NURSING

Jillana M. Jonelis, *a.k.a.* Jillana Giamette  
RE: Licensed Practical Nurse Lic No. 020114

Petition No. 2003-0602-011-026

**MEMORANDUM OF DECISION**

*Procedural Background*

Jillana M. Jonelis (hereinafter "petitioner") was issued licensed practical nurse license number 020114 on November 22, 1982. Dept. Exh. 1

Pursuant to Memorandum of Decision dated May 6, 1998, the Board of Examiners for Nursing (hereinafter "the Board") ordered the revocation of petitioner's licensed practical nurse license. Dept. Exh. 1.

In a letter dated March 11, 2003, petitioner requested that the Board reinstate her license to practice nursing in the State of Connecticut. Board Exh. 1.

Pursuant to Petitioner's request, the Board issued a Notice of Hearing dated June 5, 2003, scheduling a hearing for November 19, 2003. Board Exh. 1.

The hearing took place on November 19, 2003, at the Legislative Office Building, Capitol Avenue, Hartford, Connecticut. Petitioner was present at the hearing and was represented by counsel. Transcript, November 19, 2003, p. 2. Attorney Leslie Scoville represented the Department.

Each member of the Board involved in this decision attests that he/she was present at the hearing or has reviewed the record, and that this decision is based entirely on the record and the Board's specialized professional knowledge in evaluating the evidence.

*Findings of Fact*

Based on the testimony given and the exhibits offered into evidence, the Board makes the following Findings of Fact:

1. Pursuant to Memorandum of Decision dated November 5, 1997, petitioner's licensed practical nurse license was placed on probation for a period of three years. The probation was ordered based on the petitioner's history of substance abuse, which encompassed periods of time in which petitioner was licensed as a practical nurse in the State of Connecticut. A condition of probation required petitioner to submit to random urine screenings, the results of which were to be negative for the presence of alcohol and/or drugs. Dept. Exh. 1

2. Pursuant to a Memorandum of Decision dated May 6, 1998, the Board ordered the revocation of petitioner's licensed practical nurse license. The order was based on the Board's findings that while subject to the conditions of probation, as set forth in the Memorandum of Decision dated November 5, 1997, petitioner diverted and personally abused darvocet, percocet, ambien, and vicodin, and falsified one or more Controlled Substance Receipt Records while working as a licensed practical nurse at Atrium Plaza, New Haven, Connecticut during 1997. Additionally, the petitioner had unsuccessful treatments for substance abuse, and had relapses. Dept. Exh. 1.
3. Since February 27, 2002, petitioner has undergone and been compliant with treatment and counseling at the Connecticut Mental Health Center-Substance Abuse Treatment Unit, New Haven Connecticut. Petitioner's therapist recommends that petitioner be considered for reinstatement of her license. Petitioner Exh. 1.
4. Petitioner has submitted to voluntary urine drug and alcohol screening since February 27, 2002. All results have been confirmed negative for the presence of alcohol and/or drugs. Transcript, November 19, 2003, p.11; Board Exh. 1; Petitioner Exh. 1.
5. Petitioner has been an active participant in Alcoholics Anonymous and has the support of a sponsor. Transcript, November 19, 2003, p. 9; Petitioner Exh. 1.
6. Since on or about March 25, 2002, petitioner has been employed at Pendleton House, New Haven, Connecticut. Petitioner works as a case manager in a supportive housing program for individuals with a dual diagnosis. Petitioner's employer indicates that petitioner has consistently met the objectives of her position. Petitioner's Exh. 1.
7. Petitioner plans to continue her education and eventually become licensed as a registered nurse license. Transcript, November 19, 2003, p. 11.

### ***Discussion and Conclusions of Law***

As stated in the Notice of Hearing, petitioner has the burden of satisfying the Board that she is able to practice as a licensed practical nurse with reasonable skill and safety by presenting relevant evidence at the hearing, including the following:

1. Evidence from a licensed therapist documenting her drug free status and participation in therapy and counseling;
2. Personal references addressing her drug free status, emotional health, and work habits;
3. Documentary evidence from her current and past employers;
4. Documentary evidence of random, legally defensible screens for drugs and alcohol conducted by a therapist or physician;
5. Documentation of participation in support groups.

The Board finds that petitioner has presented relevant and credible evidence to sustain her burden of satisfying the Board of her ability to return to the practice of nursing with reasonable skill and safety under the terms of the Order described below.

2. Petitioner's licensed practical nurse license No. 020114, shall be placed on probation for a period of four (4) years commencing on the date petitioner is notified by the Department that she passed the licensed practical nurse licensing examination.

- F. If petitioner pursues further training in any subject area that is regulated by the Department, petitioner shall provide a copy of this Memorandum of Decision to the educational institution or, if not the institution, to petitioner's instructor. Such institution or instructor shall notify the Department in writing of receipt of a copy of this Memorandum of Decision within fifteen (15) days of receipt. Said notification shall be submitted directly to the Department at the address cited in Paragraph O below.
- G. At her expense, petitioner shall engage in therapy and counseling for chemical dependency with a Connecticut licensed or certified therapist, approved by the Board and the Department, during the entire period of probation.

- H. Petitioner shall provide a copy of this Memorandum of Decision to her therapist. The Board shall be notified in writing by her therapist, within thirty (30) days of the effective date of this Decision, as to receipt of a copy of this Memorandum of Decision.
- I. Petitioner shall cause evaluation reports to be submitted to the Board by her therapist during the entire probationary period. Therapist reports shall be submitted monthly during the first and fourth years of probation, and quarterly during the second and third years of probation.

Therapist reports shall be submitted directly to the Board at the address cited in Paragraph O below.
- K. (1) At her expense, petitioner shall be responsible for submitting to observed random chain of custody urine screens for alcohol and drugs for the entire probationary period, at a testing facility approved by the Board, after consultation with the Department, as ordered by her therapist, and/or personal physician, and/or employer. Alcohol/drug screening may also be ordered by the Board to ensure compliance with this Order. Random alcohol/drug screens shall be legally defensible in that specimen donor and chain of custody can be identified throughout the screening process.
- (2) Petitioner shall be responsible for notifying the laboratory, her therapist, the Board, the Department and her prescribing practitioner of any drug(s) she is taking. For any prescription of a controlled substance(s) for more than two consecutive weeks, the petitioner shall cause the provider prescribing the controlled substance(s) to submit quarterly reports to the Board and the Department until such time as the controlled substance(s) are no longer prescribed. The reports shall include the following:
1. A list of controlled substances prescribed by this provider for the petitioner;
  2. A list of controlled substance(s) prescribed by other providers;
  3. An evaluation of the petitioner's need for the controlled substance;
  4. An assessment of the petitioner's continued need for the controlled substance(s).
- (3) There must be weekly random alcohol/drug screens during the first year of the probationary period. There must be two random alcohol/drug screens monthly during the second, third, and fourth years of the probationary period.

(4) Random alcohol/drug screens shall be negative for the presence of alcohol and drugs. All positive results shall be confirmed by the Gas Chromatograph Mass Spectrometer (GC/MS) testing method. Chain of custody documentation must accompany all laboratory reports and/or the laboratory reports must indicate that chain of custody procedures have been followed.

(5) Random alcohol/drug screens must include testing for the following substances:

Amphetamines	Methadone
Barbiturates	Methaqualone
Benzodiazepines	Opiates (Metabolites)
Cannabinoids (THC Metabolites)	Phencyclidine (PCP)
Cocaine	Propoxyphene

- L. Petitioner shall not obtain for personal use and/or use alcohol or any drug that has not been prescribed for her, for a legitimate purpose, by a licensed health care practitioner authorized to prescribe medications. Petitioner shall not abuse and/or excessively use any drugs that are prescribed for a legitimate medical purpose.
- M. Petitioner is hereby advised that the ingestion of poppy seeds may produce a positive drug screen result indicating the presence of opiates/morphine. For that reason, any food substance containing poppy seeds should be avoided during the probationary period. In the event that a drug/alcohol screen is positive for opiates/morphine, the ingestion of poppy seeds shall not constitute a defense to such positive screen.
- N. The Connecticut Board of Examiners for Nursing must be informed in writing prior to any change of employment, and the petitioner shall report her current address to the Board and the Department within one week of the effective date of this Memorandum of Decision.
- O. All correspondence and reports are to be addressed to:

4. That any deviation from the terms of probation, without prior written approval by the Board of Examiners for Nursing, shall constitute a violation of probation, which will be cause for an immediate hearing on charges of violating this Order. Any finding that petitioner has violated this Order will subject petitioner to sanctions under §19a-17(a) and (c) of the General Statutes of Connecticut, including but not limited to, the revocation of her license. Any extension of time or grace period for reporting granted by the Board of Examiners for Nursing shall not be a waiver or preclude the Board's right to take subsequent action. The Board of Examiners for Nursing shall not be required to grant future extensions of time or grace periods. Notice of revocation or other disciplinary action shall be sent to petitioner's address of record (most current address reported to the Licensure and Registration Section of the Division of Health Systems Regulation of the Department of Public Health or the Board of Examiners for Nursing).
5. That this Memorandum of Decision becomes effective on the date signed by the Board of Examiners for Nursing.
